

MPQC-ACCREDITED SILO SAFETY TRAINING

Silo pressure experts ENVEA now offer in-depth safety training courses at our Redditch, Worcestershire headquarters. Our experienced engineers and trainers provide essential safety knowledge and practical skills.

ENVEA's training programmes are fully accredited by the MPQC (Mineral Products Qualifications Council). A certificate of attendance is provided to each attendee, with the option of an official MPQC certificate which is a recognised CPD document for a small additional cost.

Please note that the courses are limited to 10 attendees per session. Lunch, coffee and tea will be provided.

ADVANCED SILO SAFETY AWARENESS

Advanced-day silo safety course (£275.00 per attendee + optional £25 MPQC certificate cost).

The morning session includes:

- How a delivery works
- Consequences of failure
- Dynamics of delivery with regards to flow and pressure
- Interactive demonstrations
- Essential equipment required
- Overview of maintenance

After lunch, the afternoon session includes:

- Overview of maintenance procedures
- Detailed explanation of how each item works
- Detailed PRV maintenance
- Detailed filter maintenance
- Detailed service explanation

For further information on our silo pressure safety training course or to discuss booking a training day for your staff, please contact sales.hycontrol@envea.global or **01527 406800**.

QUOTES FROM COURSE ATTENDEES

"Great course, one of the best I've been on."

"Very engaging presenters. A must for all in the powder business!"

"All drivers should attend, and anyone responsible for silos."

"I've been doing my job a long time but today I've learned a lot, thank you!"
